

## Klaipėda LNG Forum 2019

### PROGRAMME

#### Day 1

**Venue:** Klaipėda Castle's Site Conference Hall  
Address: Priešpilio 2, Klaipėda, ([map](#))

**Date:** 15 May 2019, Wednesday

**Moderator:** Romas Švedas

Time	Topic	Speaker
08:30 - 09:00	Welcome coffee & registration	
09:00 - 09:10	Welcome	Vytautas Grubliauskas, Mayor of Klaipėda
09:10 - 09:25	Keynote speech	Žygimantas Vaičiūnas, Minister of Energy, Lithuania
<b>POLICIES ON LNG</b>		
09:25 - 09:40	The role of LNG in increasing energy security and mitigating climate change	Anne-Charlotte Bournoville, DG Energy, European Commission
09:40 - 09:55	Polish government's view on Polish road initiatives with regard to LNG	Marta Czaplewicz, Ministry of Energy, Poland
09:55 - 10:10	Environmental benefits of LNG in achieving Lithuanian air pollution and climate change mitigation objectives	Paulius Žvirblis and Tomas Aukštinaitis, Ministry of Environment, Lithuania
10:10 - 10:30	Panel discussion Moderator: Romas Švedas	Participants: Ž. Vaičiūnas, Minister of Energy and speakers
10:30 - 10:50	Coffee break	
<b>LNG INFRASTRUCTURE</b>		
10:50 - 11:10	Klaipėda LNG terminals as an incentive for further development of LNG infrastructure	Mindaugas Jusius, Klaipėdos Nafta
11:10 - 11:30	Dutch LNG terminals	Patrick Cnubben, National LNG Platform
11:30 - 11:45	Panel discussion Moderator: Romas Švedas	Participants: speakers
11:45 - 12:00	Coffee break	
<b>ROAD AND RAILWAY TRANSPORT</b>		

12:00 - 12:20	LNG and Lithuanian transport policy	Andrius Jaržemskis, Vilnius Gediminas Technical University
12:20 - 12:40	Natural power vehicles – the natural way to sustainable transport	Ernestas Jakubonis, IVECO
12:40 - 13:00	First LNG fuelling station in Lithuania	Vidas Korsakas, SG dujos
13:00 - 13:20	LNG driven locomotive	Albertas Bajorinas, VLRD
13:20 - 13:40	Panel discussion Moderator: Lawrence Henesey, PhD, Blekinge Institute of Technology	Participants: speakers, G. Mažeika, representative from Lithuanian Ministry of Transport and Communication, and P. Žvirblis, representative from Lithuanian Ministry of Environment
13:40 - 14:30	Lunch break	
<b>MARITIME AND INLAND WATER TRANSPORT</b>		
14:30 - 15:00	Bunkering activities in Port of Rotterdam	Cees Boon, Port of Rotterdam
15:00 - 15:20	Future of LNG bunkering vessels – Kairos case	Jan Schubert, Nauticor GmbH & Co. KG
15:20 - 15:40	LNG for inland water transport	Marius Arkušauskas, Western Baltic Engineering, BLRT GRUPP
15:40 - 16:00	LNG for maritime transport	Finn Arne Rognstad, Oscar Kallerdahl, Kongsberg Maritime
16:00 - 16:20	Panel discussion Moderator: Charlotte Vinding, Maritime Development Centre	Participants: speakers, G. Mažeika, representative from Lithuanian Ministry of Transport and Communication, and T. Aukštinaitis, representative from Lithuanian Ministry of Environment
16:20 - 16:30	Summary of the first day	
17:00 - 19:00	Study tour: visit to Western Shipyard – new stainless steel production facility. Transport: buses from the LNG Forum venue place and back	

## PROGRAMME Day 2

**Venue:** Klaipėda Castle's Site Conference Hall  
Address: Priešpilio 2, Klaipėda, ([map](#))  
**Date:** 16 May 2019, Thursday  
**Moderator:** Romas Švedas

Time	Topic	Speaker
08:30 - 09:00	Welcome coffee & registration	
<b>OFF GRID APPLICATIONS</b>		
09:00 - 09:20	Go LNG – Development LNG value chain in Baltic sea region	Andrius Sutnikas, Lithuanian LNG Cluster
09:20 - 09:40	Small scale LNG in Polish off grid areas	Lech Wojciechowski, DUON
09:40 - 10:00	Druskininkai case – turning point for small-scale LNG model application in Lithuania	Dovydas Palaima, Lietuvos Energijos Tiekimas
10:00 - 10:20	LNG applications for off grid consumers	Joris van Kreij, Chart Industries, Inc.
10:20 - 10:40	How to make off grid LNG investment work double duty cost effective ways to add LNG, L-CNG refuelling and even HP mobile storage decanting/fill functions	Meelis Kuusberg, Nordic Gas Solutions
10:40 - 11:00	Panel discussion Moderator: Jurgita Šilinskaitė-Vensloviene	Participants: speakers
11:00 - 11:20	Coffee break	
<b>LNG – SUSTAINABILITY AND INNOVATION</b>		
11:20 - 11:40	LNG as clean fuel for coastal communities	Knud Tybirk, Samsø Biogas IVS, Samsø Municipality
11:40 - 12:00	Small scale liquefaction	Claudia Beumer, Wartsila
12:00 - 12:20	Cold energy utilization	Michailas Ošerovskis, Valcon
12:20 - 12:40	LNG for marine shipping	....., Hortigruten NO (TBC)
12:40 - 13:00	LIT-LNG distribution in EU	Algirdas Čebatorius, Emerson
13:00 - 13:20	Panel discussion Moderator: Andrius Sutnikas	Participants: speakers
13:20 - 14:30	Lunch break	

**LNG TRAINING AND EDUCATION**

<b>14:30 - 14:50</b>	Cryogenic fuels (Bio)-LNG and Hydrogen in an optimised, ecological, coupled, Hybrid Energy Network in a value chain context	Jacques Dam, Hanze University AS
<b>14:50 - 15:10</b>	BSR LNG competence centre	Stefan Jankowski, Maritime University of Szczecin
<b>15:10 - 15:30</b>	LNG science and education at Klaipeda University	Rima Mickevičienė, Klaipeda University
<b>15:30 - 15:50</b>	LNG value chain and trade	Hans Buytaert, SGS Belgium NV
<b>15:50 - 16:10</b>	Panel discussion Moderator: Stefan Jankowski	Participants: speakers
<b>16:10 - 16:20</b>	Summary of the second day
